

MB-2

Probiotic Occlusive Balm

Designed to strengthen the skin's natural defenses and support its ability to adapt and recover, MB-2 delivers five strains of symbiotic bacteria that help strengthen and balance the skin's microbiome, providing soothing comfort for those with eczema, psoriasis, radiation dermatitis, perioral dermatitis, or open wounds.

Harnessing the power of live probiotic bacteria, this pioneering occlusive moisturizer is free from petroleum and water. Because MB-2 is anhydrous, it doesn't require a preservative, making it ideal for sensitive and compromised skin. Clinically inspired to support repair and maintenance of healthy barrier.

✓ DERMATOLOGIST RECOMMENDED 🦋 ONCOLOGY FRIENDLY

Sizes: 6g, 55g

HOW TO USE

Dispense into hands and dab gently onto skin. Use as the final step if layering multiple products. *Keep out of eyes. For external use only.*

NOTE: Due to the natural ingredients, you may notice a slightly gritty texture. This does not affect product performance or safety, and the grittiness dissolves upon application.

Pro Tip: Use in the treatment room to help occlude targeted areas before chemical services, or as a finishing step to comfort and support skin following advanced procedures such as ablative laser.

KEY INGREDIENTS

Probiotics (*Bacillus Coagulans*, *Bacillus Subtilis*, *Lactobacillus Plantarum*, *Lactococcus Lactis*, *Lactobacillus Crispatus*)

Live probiotics that actively support the skin's microbiome by promoting a healthier balance of microorganisms, helping the skin naturally outcompete potentially problematic bacteria, like *Staphylococcus aureus*, which is often associated with visible irritation or sensitivity. This microbiome support helps reduce the appearance of redness associated with inflammation.

Castor (*Ricinus Communis*) Seed Oil

A plant-based emollient that helps soften and condition the skin while supporting barrier integrity and soothing dryness.

Ascorbyl Palmitate (Vitamin C)

This stable vitamin C derivative provides antioxidant protection while remaining gentle on sensitive skin.

Tocopheryl Acetate (Vitamin E)

A powerful antioxidant that shields the skin from environmental stressors and promotes moisture retention and skin recovery.

INGREDIENTS

Castor (*Ricinus Communis*) Seed Oil, Hydrogenated Castor Oil, Sunflower (*Helianthus Annuus*) Seed Oil, *Bacillus Coagulans*, *Bacillus Subtilis*, *Lactobacillus Plantarum*, *Lactococcus Lactis*, Ascorbyl Palmitate, Tocopheryl Acetate, *Lactobacillus Crispatus*.

NeoGenesis® products are intended for cosmetic use only, as defined by the FDA: a product applied to the body to cleanse, enhance beauty, promote attractiveness, or alter appearance. They are not classified as drugs and are not intended to diagnose, treat, cure, or prevent any disease or medical condition. These products have not been evaluated or approved by the FDA, and statements regarding their use have not undergone FDA review.

BENEFITS

Probiotic Defense

Formulated with live probiotics to support the skin's microbiome and strengthen skin.

Improves Barrier Function

Seals in hydration with an occlusive barrier that defends against external irritants.

Calms and Nourishes

Infused with ingredients known to help calm the skin, support a healthy barrier, and visibly reduce signs of redness or irritation.

Advanced Anhydrous Formula

Concentrated benefits that are free from water, preservatives, and petroleum, making it ideal for sensitive or compromised skin.
